// PROFESSIONAL SUMMARY

Web3 Agile Project Manager and **Business Development Leader** with **15+ years** of project leadership across water engineering, environmental solutions, and Web3. I hold **AgilePM Practitioner** and **PRINCE2 Foundation** certifications, and I've delivered 20+ projects with a 95% on-time completion rate. As Founder of **AgileGypsy**, I drive the strategic vision for AI × Web3 convergence—bridging the gap between complex blockchain technology and measurable business value. I orchestrate cross-functional teams from whitepaper to mainnet, speaking the language of developers, investors, and stakeholders alike.
